1790-1880 CENSUS WHITE PLAINS, WESTCHESTER COUNTY, NEW YORK

Microfilms of the original census records were purchased from the General Services Administration, National Archives and Records Service, Washington 25, D. C., to copy some of the information for genealogical and historical purposes.

The early enumerators were poorly paid and supplied the paper and writing materials, which were frequently not of good quality. Penmanship was often not of the best, and spelling was phonetic in many cases. Thus, both photocopies and microfilms of these early records are often difficult to read, and, at times illegible. The compiler is a novice and has made errors, which in time will be corrected as brought to her attention. This compilation was made without intent to sell. A list of disposition of the copies made will be appended.

The first census of the United States was taken in 1790, and volumes for the states whose records were still in existence were published by the Bureau of the Census in 1908 as HEADS OF FAMILIES, AT THE FIRST CENSUS OF THE UNITED STATES TAKEN IN THE YEAR 1790. A copy of some of these may possibly be in this library.

The State of New York started its own census taking in 1855, running every ten years, as did some of the other states. Unfortunately, those of the early years of White Plains are missing. The County Clerk's Office, on second floor, Westchester County Court, 166 Main Street, White Plains, has those from 1905 on.

In 1960 the United States Government is planning the most extensive census yet attempted, with some "do-it-yourself" forms, which the enumerator, after obtaining routine information at the households visited, will leave at every fourth house, and at every twentieth house (two different forms), for the householder to fill in and return by mail.

A compilation of "Heads of Families" in Westchester County, from 1810-1840 from the census microfilms, is at the Westchester County Historical Society, sixth floor, County Office Building, 148 Martine Avenue, White Plains. IT IS NOT INDEXED, OR ALPHABETIZED - page number is given with names in order.

the information running on two pages (not across a double
page), which means the film must be run back and forth to
obtain all the information regarding a family, or name..

ALPHABETICAL INDEX TO NEW YORK 1800 CENSUS WITH PLAINS.
WESTCHESTER COUNTY, NEW YORK Volume 1A

This index is based on the order used in Volume 57, page 297
 NEW YORK PIONEER & BIOGRAPHICAL RECORD, which differs
 from that of the microfilm - which is very difficult to make
 out. As the published volumes are in libraries and accessible,
 it seemed less confusing to copy this order of heads of
 families, retaining them as recorded by N.Y.C & B. There is
 no intent that this information as compiled in to be sold, but
 is for research purposes to facilitate work for and regarding
 WEST CHESTER PLAINS.

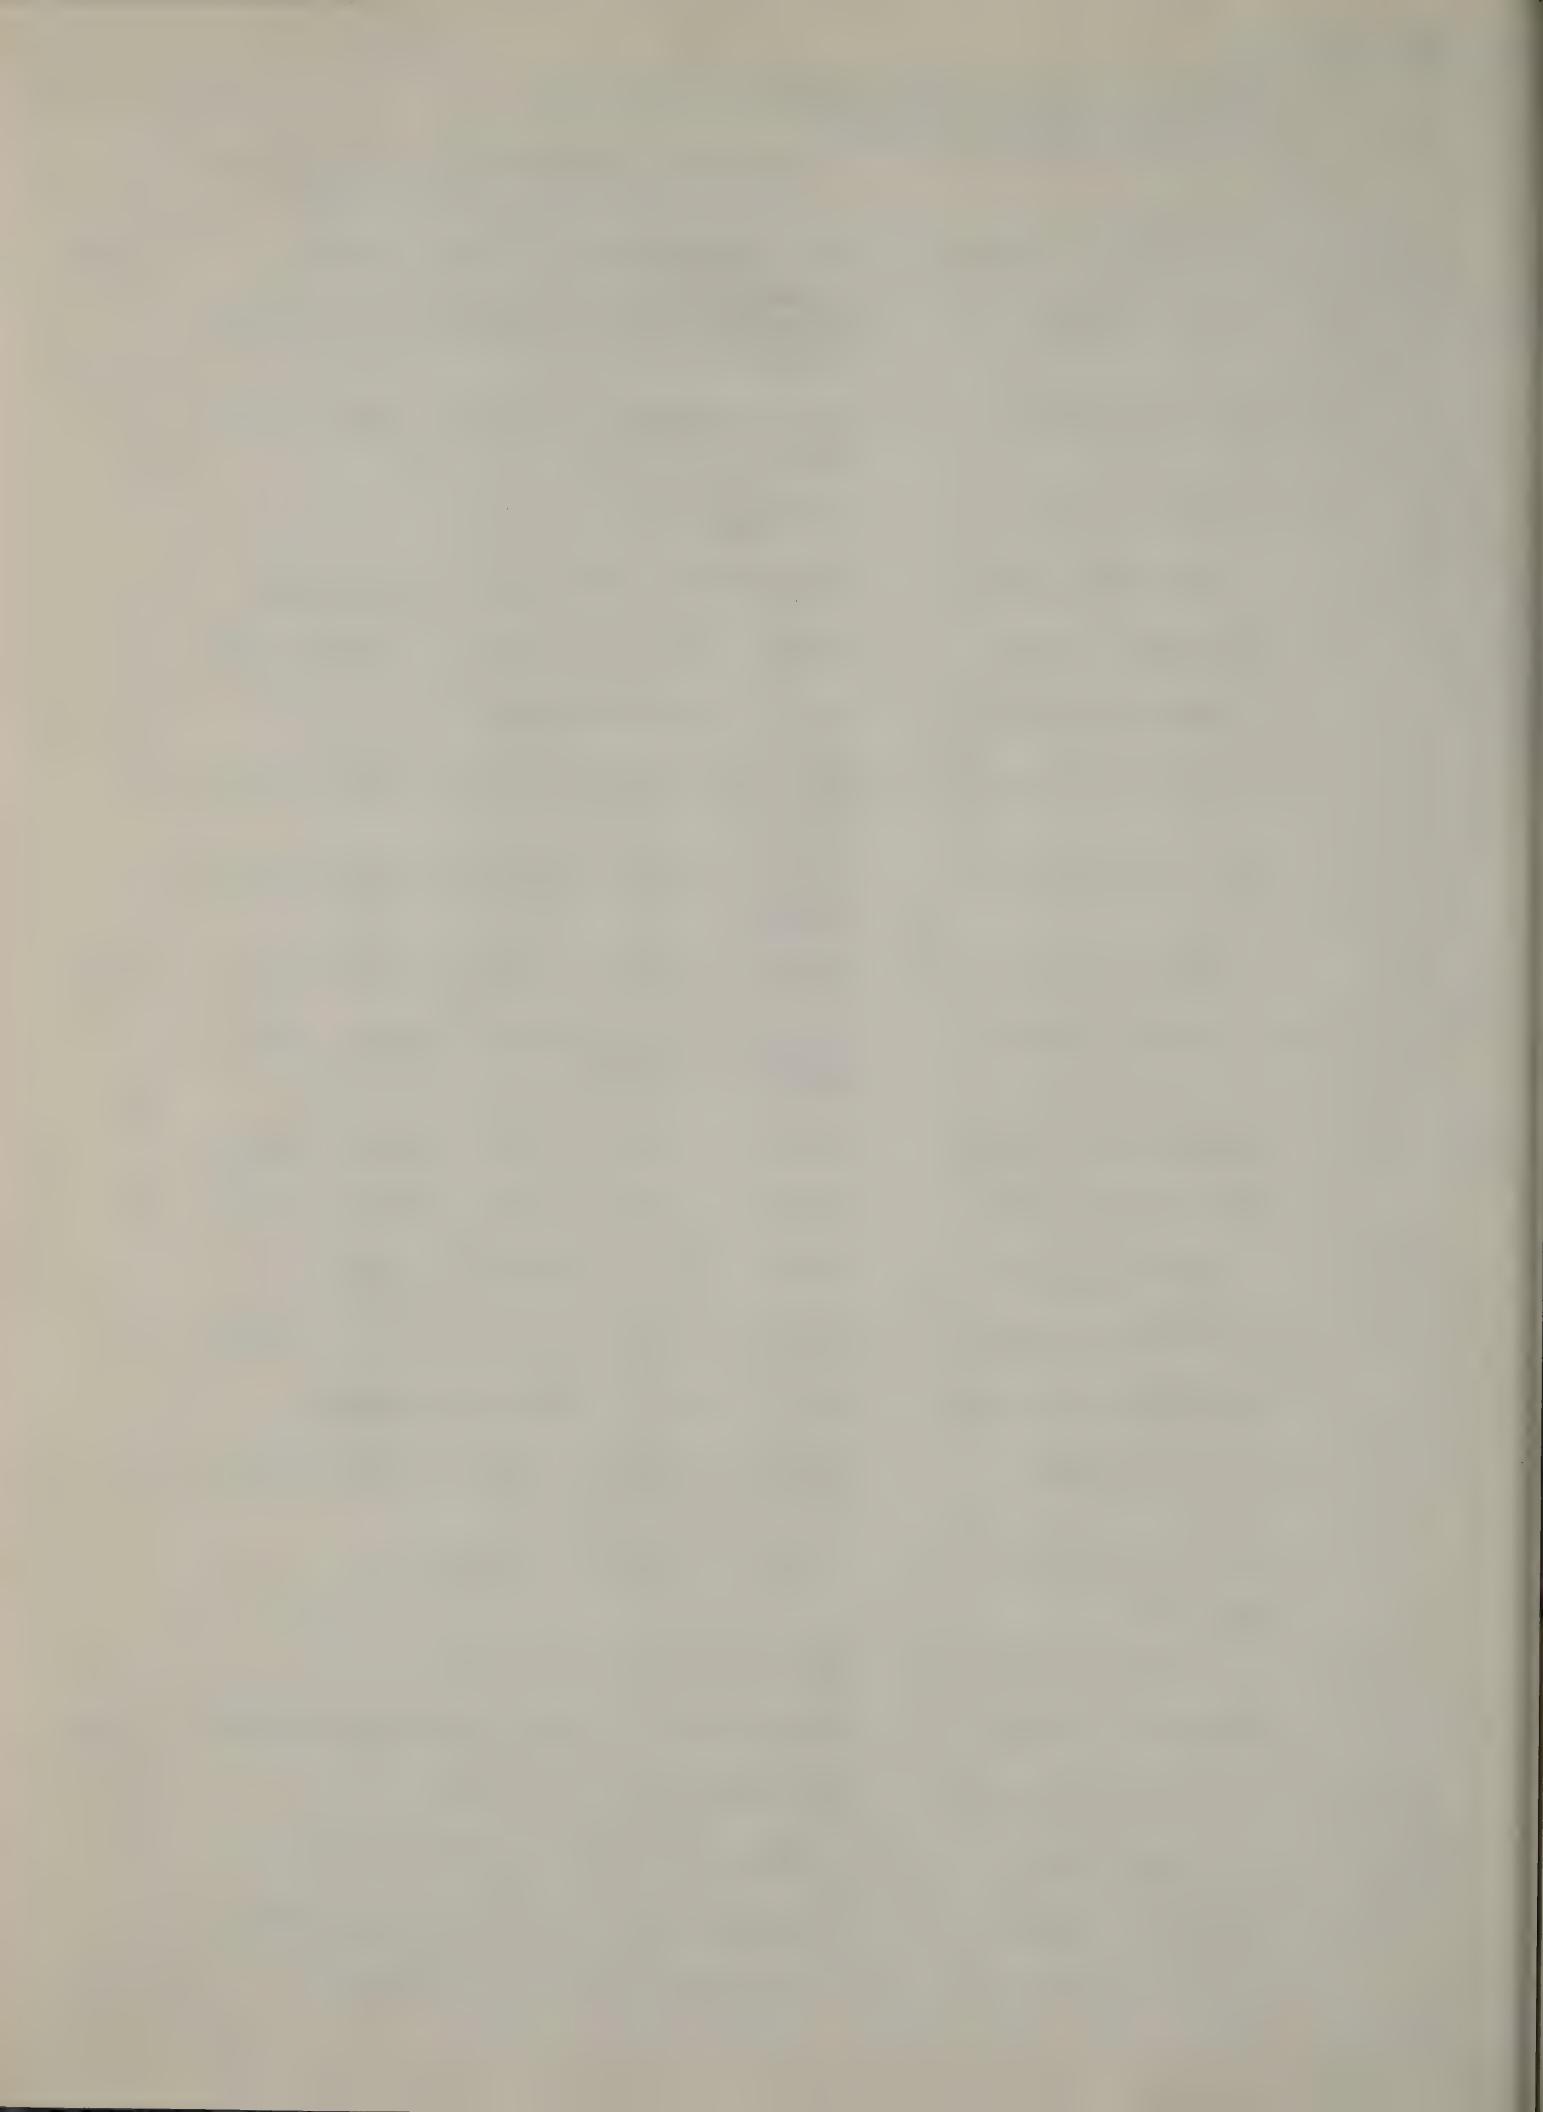

* denotes one with name given and same number in in 1790 census

1850 CENSUS UNITED STATES = Fifth
NEW YORK VOLUME 29, pages 221 - 229

This setup as typed here may be changed. It seemed a good idea at the time, using a portable typewriter to list females under the males - it was difficult to copy, and seems equally difficult to read back.

Columns are :: Free Whites - males first line; females, beneath

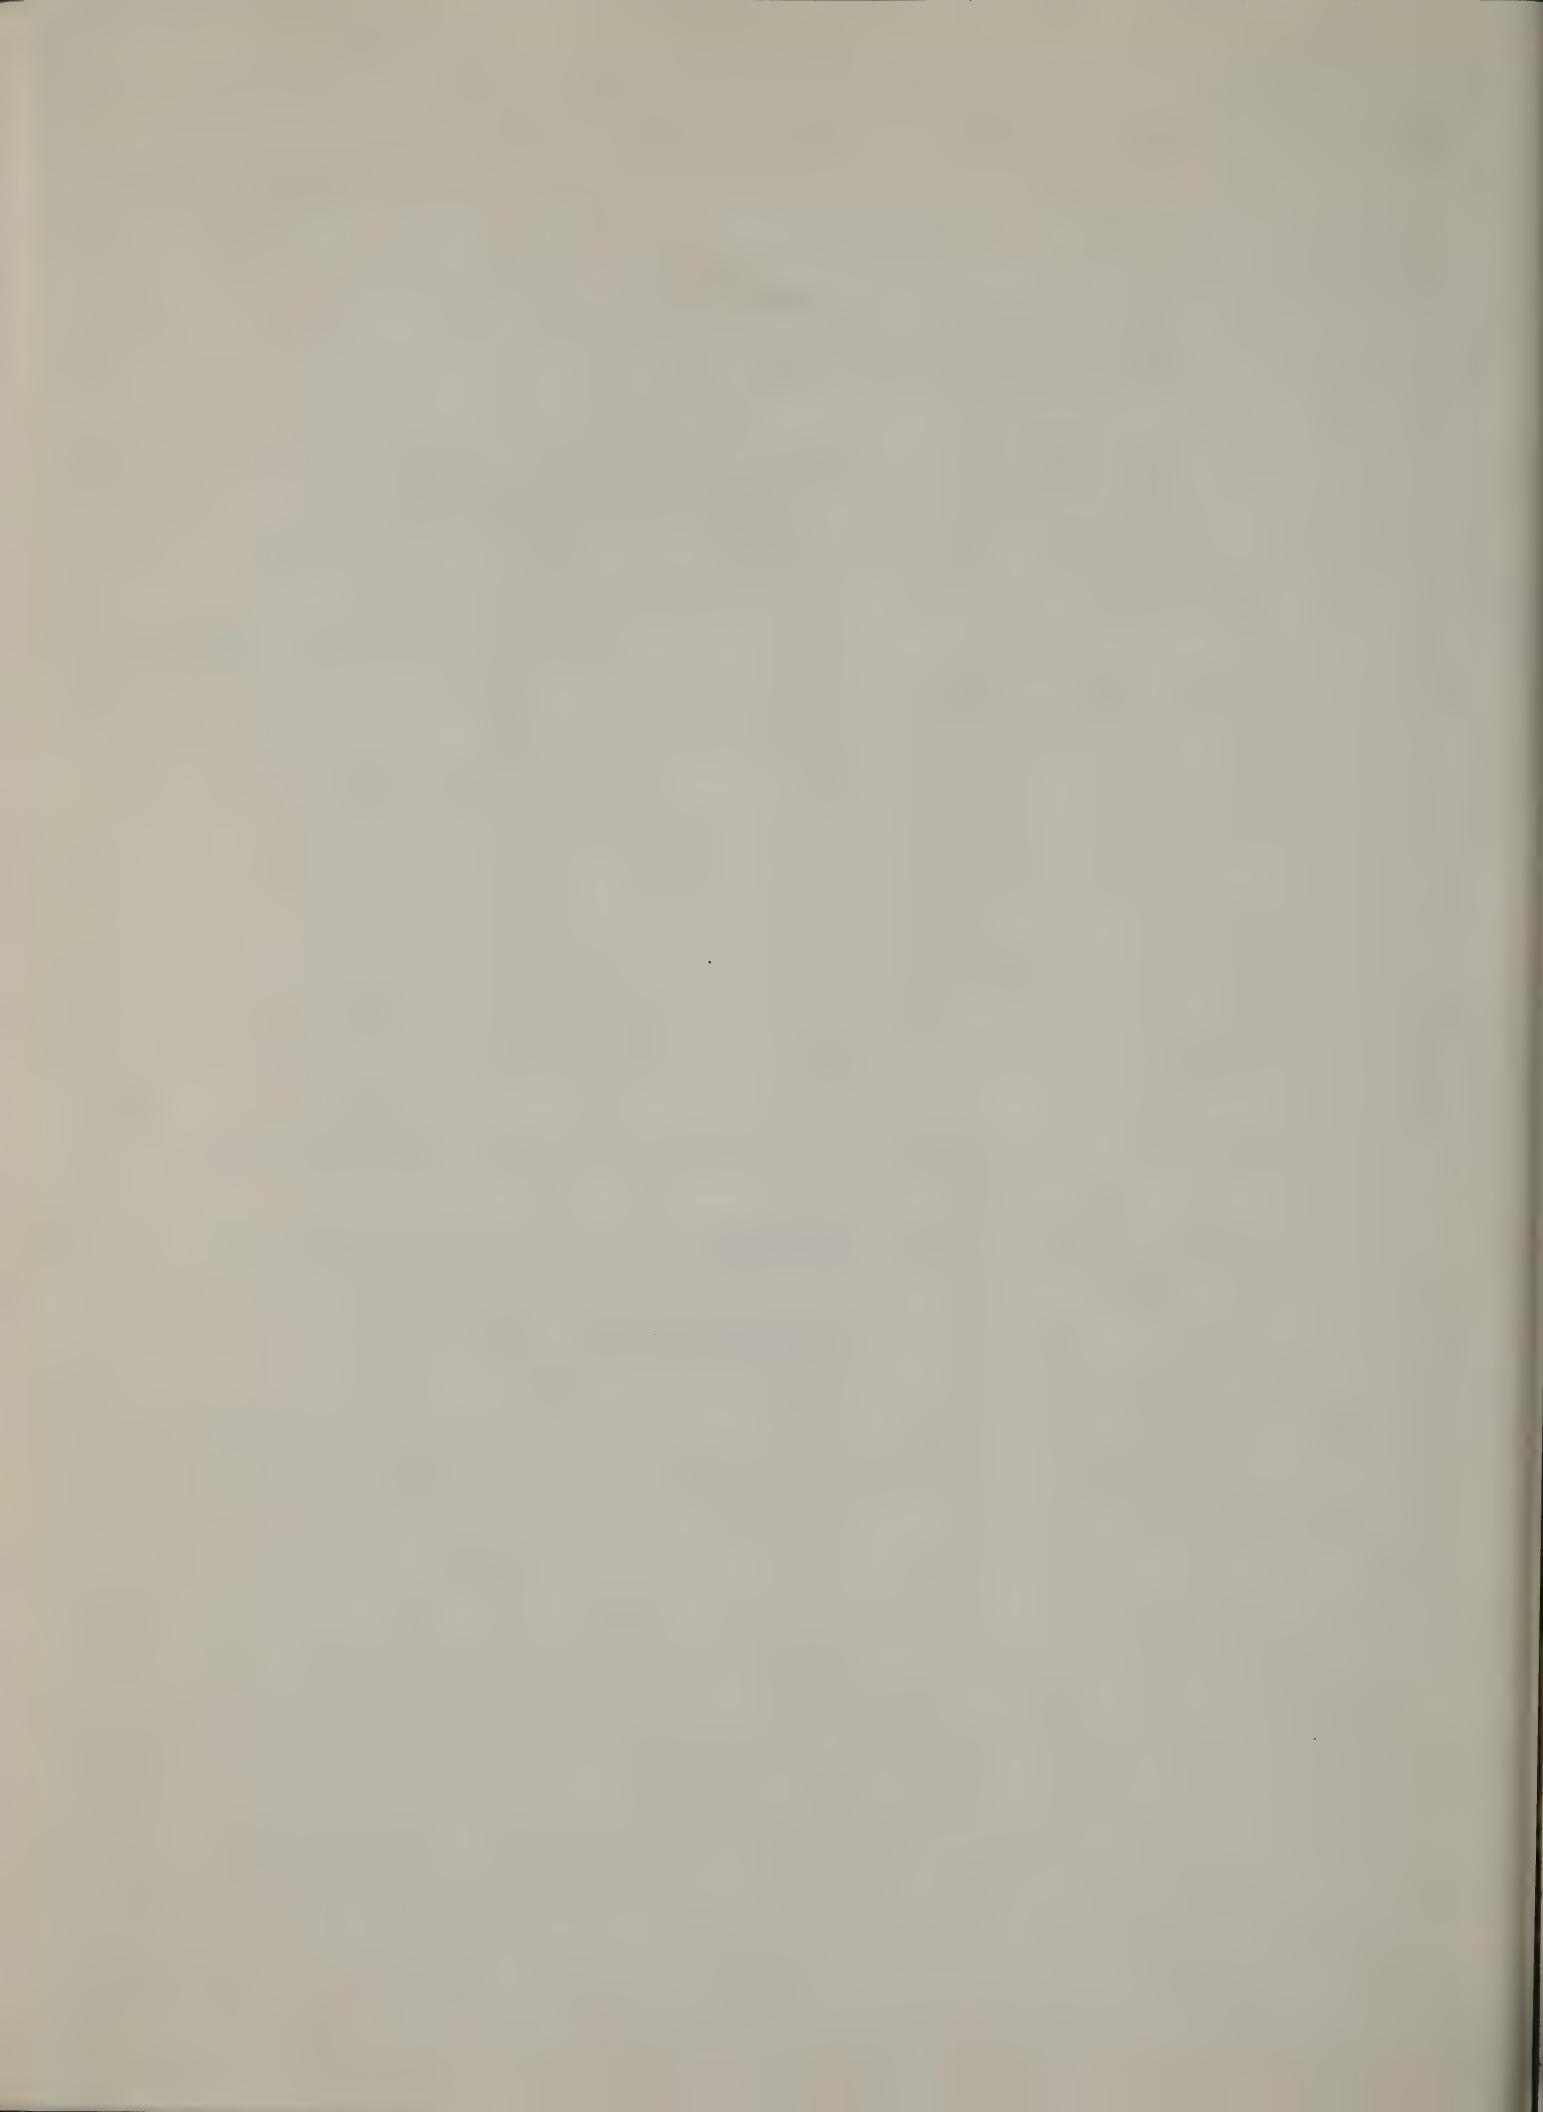

1. under 5 years
2. over 5 and under 10 years
3. 10 and under 15
4. 15 and under 20

6. 30 and under 40
7. 40 and under 50
8. 50 and under 60
9. 60 and under 70
10. 70 and under 80
11. 80 and under 90
12. 90 and under 100
13. 100 years and upwards

ALIENS - foreigners not naturalized have been noted under name of
head of family

THE FOLLOWING WAS NOT COPIED ((these from second page microfilm))

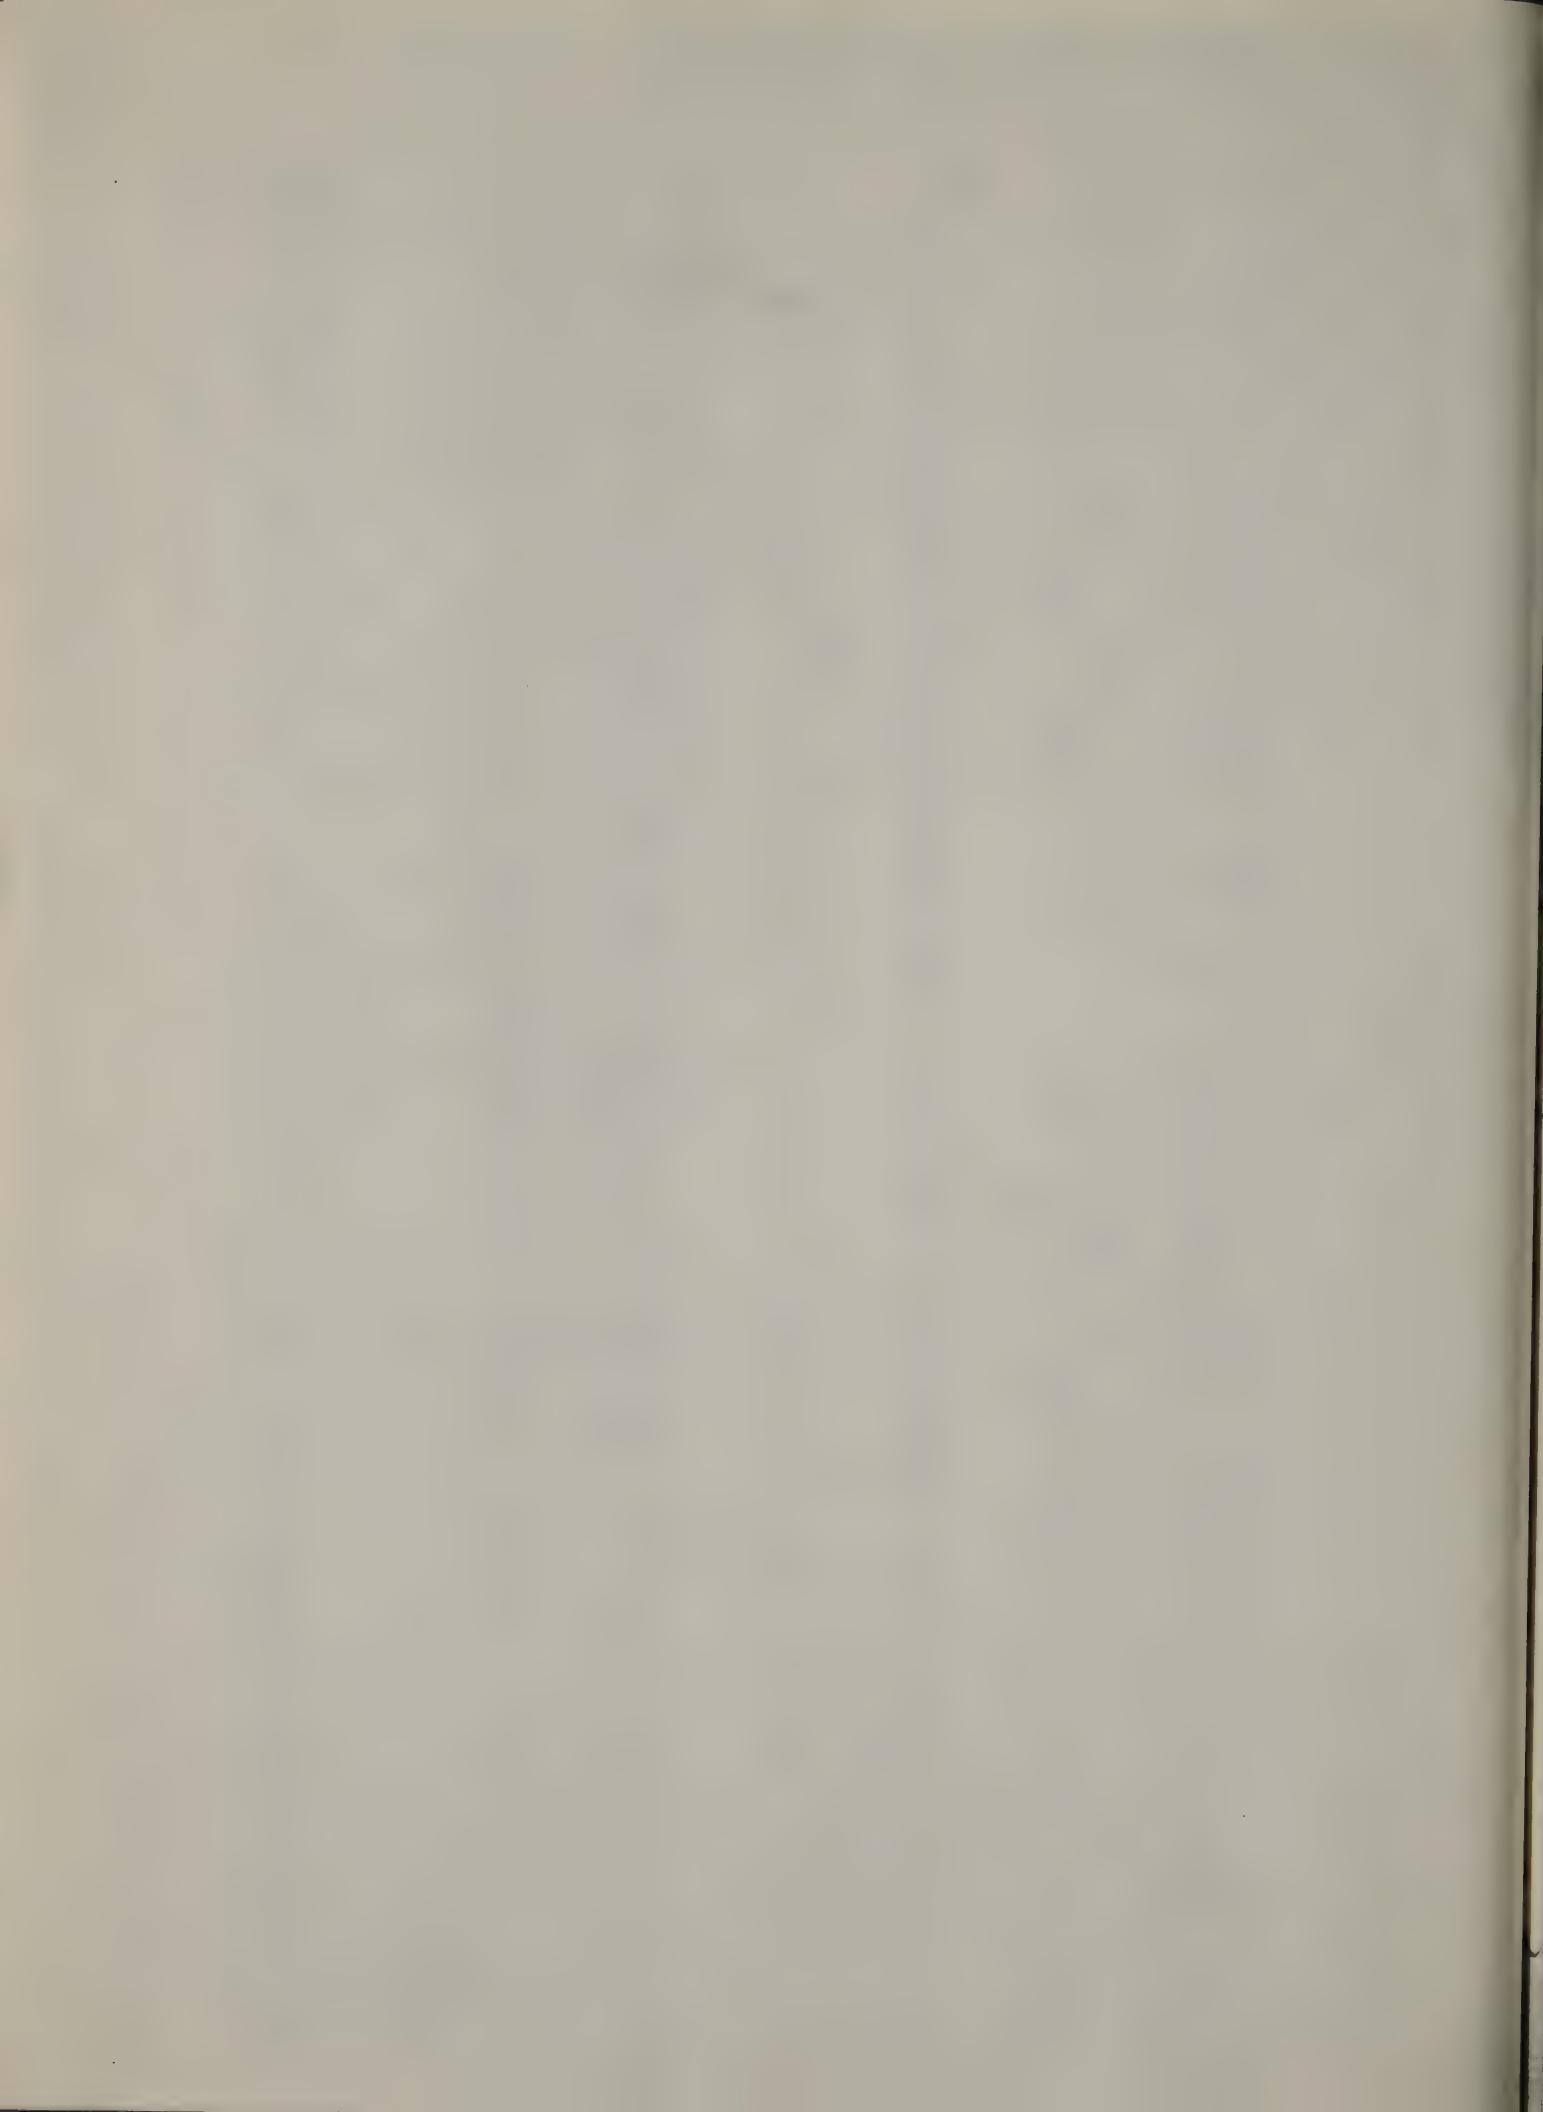

1. deaf and dumb persons under 14 years of age
2. " " " " from 14 - 25 " " "

There is a finely written notation on side first page WHITE PLAINS
which compiler cannot decipher. Most of this microfilm hard to read.

FAMILY NAME INDEX 1850 CENSUS WHITE PLAINS, WESTCHESTER COUNTY, N.Y. p 1.

This index is of those where both dwelling and visitation number is given, AND WHERE TWO or more of the same name, are living with another family.

The page number refers to that of this pamphlet, and the line number also, which happens to be the line number of the Census page. The Census page number precedes each group, and is underlined. "?" is used where spelling is illegible. "!!" is used to denote not in alphabetical order; bot = bottom page

The names of individuals living alone with other families may possibly be added on in a separate index. THIS CENSUS WAS FAINTLY WRITTEN.

AND WHERE TWO or more of the same name, are living with another family.

number, precedes each group, and is underlined. "?" is used where spelling
is illegible; !!! is used to designate not in alphabetical order.

The names of individuals living alone with other families may possibly be
added on in a separate index.

3

This index is of those where both dwelling and visitation number is given, AND where two or more of same name, are living with another family.

The page number refers to that of this pamphlet, and the line number also, which happens to be the line number of the census page. The census page number precedes each group, and is underlined. "?" is used where spelling is illegible.

The names of individuals living alone with other families may possibly be added on in a separate index.

FAMILY NAME INDEX 1880 CENSUS WHITE PLAINS, WESTCHESTER COUNTY, NEW YORK

1.

This index is of those where both dwelling and visitation number is given. A separate index will follow this, for boarders, relatives, et cetera, living with one of these family units.

The page number refers to that of this pamphlet, and the line number also, which happens to be the line number of the census page. The census page precedes each group and is underlined and where date has been noted by enumerator, this has been copied. Where names are questionable in discerning (?) has been used.
